For Immediate Release

### **Introducing the Sunday Concierge platform**

In an effort to help churches better empower their volunteers and leaders we've released the Concierge responsive site. Once enabled it allows any of your volunteers an intuitive and simple way to register visitors for Sunday school and make quick updates to an individuals phone or email address. Being mobile means your team can be anywhere with a smart phone, tablet, or laptop to welcome and register people.

Within seconds of registering a guest through concierge you can check their children into class using our Check In application. This makes it incredibly easy to welcome new people to your community, and to treat them the same way as all your regular guests.

The release notes for v 2.1.1: <http://status.freshvine.co/post/28733290193/v2-1-1-released>

#### **About Fresh Vine:**

Fresh Vine [<http://freshvine.co/>] is online ministry management software that fosters participation. It helps all members of the community to connect and get involved. It supports all ministry and small group activities, including membership, giving, child check-in, services, and ministry/group calendars, events, attendance, and emails. Use the power of Fresh Vine to nurture and grow your ministry.
