Instantly see who is in every sunday school class from anywhere

Ever wonder what children are in which classes? Now our mobile concierge system has a “Who’s Here Today” view that allows you in look into every class from your phone or tablet. This was a much requested feature and we are excited to release it with this version. Our concierge responsive site allows your staff and volunteers to manage your children's ministry from anywhere in the church, quickly adding families, updating member information, and now seeing who is in which rooms.
