For Immediate Release

### **Improved the Childrens Check In Experience**

Based on customer feedback from this fall we've released an update to the Check In application that better synchronizes with the current state of the roster (merging of members, removal of members, etc). The management page for the Check In application within Fresh Vine was also updated to allow users to better understand if their kiosk is correctly synchronized or if it requires a reset.

Release notes for the Check In v0.5.0: <http://status.freshvine.co/post/33408912044/check-in-v0-5-0>

Release notes for Fresh Vine v2.2.2: <http://status.freshvine.co/post/33409033367/version-2-2-2-released>

#### **About Fresh Vine:**

Fresh Vine [<http://freshvine.co/>] is online ministry management software that fosters participation. It helps all members of the community to connect and get involved. It supports all ministry and small group activities, including membership, giving, child check-in, services, and ministry/group calendars, events, attendance, and emails. Use the power of Fresh Vine to nurture and grow your ministry.
