We Passed 1000 Users

This week marked an exciting milestone for the team at Fresh Vine. They crossed the 1000 user mark. These thousand users come from less than 100 clients.

"We're thrilled to see the 1000 mark reached," shared Paul Prins - founder and President. "It's an affirmation that making it easier to roll out Fresh Vine to communities is working."

One of the key goals they had set at the beginning of 2014 was to see the number of users per customer increase. Fresh Vine works best as more people in a community use it. Seeing the rise in users is a strong indicator that this is happening.

About Fresh Vine:

Fresh Vine [<http://freshvine.co/>] is membership software that fosters participation. It helps all members of your community to connect and get involved. It supports all organization and small group activities, including membership, giving, child check-in, services, calendars, events, attendance, and emails. Use Fresh Vine to get your community rooted and growing.
